## Message from the Principal...

Dear Parents & Carers,

Semester One reports were sent home on Friday. I hope you found these reports informative and a clear indication of the progress your child has made in the first half of this year.

Parent teacher interviews are being held this week. IF you have not sent back the note with preferred times please do so as soon as possible to make sure you don't miss an opportunity to discuss your child's progress face to face with their teacher.

Included with the interview note was a list of supplies for students. It is important for all students to come to school every day with these essential items. The school holidays are a great opportunity to restock those pencil cases!

Term 2 has been a busy one and of course Term 3 is shaping up to be the same. I would like to thank the children and the teachers for all their hard work this term. Your efforts in so many ways are what make Nabiac PS "the best little school... anywhere." Enjoy the holidays and we will see you back for another great term here at Nabiac PS.

Have a lovely week and a safe, relaxing holiday.

Narelle Kessey  
Principal

### Holiday jobs for parents

Parents, please take advantage of the holidays to:

- Check your child/children's hair for head lice. Holidays are a great time to break the cycle.
- Replenish your child's pencil case. Please see the list on the back page of today's newsletter
- Keep an eye out on our school. If you see any suspicious behaviour or people in the school during the holidays please report it to the police
- Consider volunteering in our canteen

### Canteen Roster

Parents and Carers, we have unfortunately lost a valuable canteen volunteer who was rostered on the Term 3 roster on a weekly basis. To cover this loss we need a handful of parents to put their hand up to volunteer once a month. We understand a lot of parents work however, if we don't have any new parents or carers come in to volunteer we will look at closing the canteen 1-2 days per week. Please call in to the office and put your name down. It is only a portion of your day, 9am – 1.30pm and you will be trained by one of our regular volunteers. Many hands make light work!

## Mission Australia

Communities for Children is an Australian Government funded service supporting families with children aged 0-12 years. Communities for Children aim to support parents to raise healthy children, giving them access to early learning opportunities and supporting them to make a good school transition. We do this by funding a whole range of services across the community. Those services include antenatal support programs, parenting support programs, supported playgroups, post-natal depression support programs, autism spectrum disorder support groups, domestic violence support programs, parent education and training and fun family activities. If you're struggling with the challenge of raising your children or would simply like more support, you can give Mission Australia a call and we can support you to find and access the supports you need, either through Communities for Children or other service providers across the community. For more information contact Bree on 6539 2002 or Pauly on 6539 2003.
